Knoll

Bertoia Side Chair & Stool

In designing The Bertoia Collection, Harry Bertoia was inspired to explore how industrial materials could be elevated into a more sculptural form. His resulting furniture collection was defined by its linear composition creating a visually light object with a graphically bold presence. Their wire forms were considered a radical departure from the typical wooden framed chairs of the time, and cemented his designs as true icons of mid-century design.

Designer Harry Bertoia

Benefits

- Iconic Innovation
- Bold Statement
- Diverse Collection

Key Features

1. **Wire Frame Design**
   Sculptural frames are made from steel rods that are bent and individually hand-welded ensuring durability and quality, underscoring impeccable craftsmanship.
2. **Stool Heights**
   The Stool is available in two heights, Bar and Counter height, ideal for cafes, plazas, transitional spaces and tiered meeting settings.
3. **Frame Finishes**
   Frame Finishes are available in Polished or Satin Chrome, Black or White Rislan for indoor use and Bronze finish. Durable protective black or white coated frame finishes are also available for outdoor use.
4. **Upholstery Options**
   Bertoia side chairs and stools are available unupholstered, with a seat pad or fully upholstered in a range of fabric textiles and leather. For a bespoke look, the molded shell is also available in a smooth Cowhide wrapped version which features tailored stitching details along the seams and perimeter.
5. **Indoor/Outdoor**
   Durable finish options expand the Bertoia collection to outdoor applications, broadening its appeal across the floorplate. Outdoor certified fabrics also available for seat pads and cushions.
