

## Saarinen Executive Conference Chair and Stool

Featured in nearly all Florence Knoll interiors, the Saarinen Executive Chair remains one of the most popular Knoll designs. Introduced in 1950, the chair transformed the notion of what executive seating could be with its sculptural form and modern finishing. The iconic chair, often referred to as “that chair with the hole in the back,” has been a staple of the Knoll portfolio for more than 60 years as the timeless and versatile design continues to fit seamlessly into work, conference, lounge and dining applications of any decor.

**Designer**

Eero Saarinen

**Benefits**

- Enduring Design
- Exceptional Comfort
- An Original Contract Piece

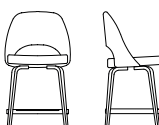

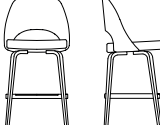

[View image library](#)

Key Features

- 1. Arm Options**  
Available as an armchair or armless chair.
- 2. Multiple Base Styles**  
Base options include 4-leg, bar and counter height stools, 4-star height adjustable base on glides and 5-star height adjustable base on castors.
- 3. Materiality**  
Upholstery is available in a wide range of fabric and leathers. Base options include painted, chrome and timber options. **Supreme**
- 4. Comfort**  
The moulded, contoured shell flexes to the user's movement, while the sumptuous upholstery elevates comfort.
- 5. Sculptural shape**  
Organic form results in a timeless aesthetic to suit a wide range of settings.

Statement of Line
